JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

but for the past three or four months it has spread rapidly all over the island, and the number of deaths in the country districts are as great now as in Port Louis.

It is reported that since January 25 of this year (1899), the day on which the first case of the plague was discovered, between 3,000 and 4,000 people have been attacked, and that 85 per cent of the victims have succumbed to this dreadful malady, and that it has cost the colony in the neighborhood of 500,000 rupees.

Respectfully,

THOS. W. CRIDLER,
Third Assistant Secretary.

Hon. SECRETARY OF THE TREASURY.

MEXICO.

No bubonic plague known to be present in Cozumel, Mexico.

CITY OF MEXICO, March 6, 1900.

The following has been received from the president of the superior board of health of Mexico :

As soon as I received your cablegram of the 28th of February last, asking me as to the existence of the bubonic plague in Cozumel or other point in the State of Yucatan, I hastened to answer you that according to the information in the possession of the board, no case of that disease had been observed in the places mentioned, and after asking for reports from the federal and local authorities of the State, I have the pleasure of confirming that answer and of copying the telegrams on the subject which I have received from the governor of the State and from the delegate of the board in the port of Progreso. They are as follows :

MERIDA, March 1, 1900.

To the president of the board of health :

This Government has no knowledge of any case of bubonic plague. The correspondence of the political chief of the islands comes down to February 23, and said nothing of that disease. If I hear anything I will at once communicate with you.

FRANCISCO CANTON,
Governor of the State.

PROGRESO, March 1, 1900.

To the president of the board of health :

I have no information of any case of bubonic plague in Cozumel or other port of the State. Bills of health issued in Cozumel February 23 last, and indorsed in Holbox on 26th following, came clean. I believe fears are unfounded, but will make inquiries and wire you result.

J. HERNANDEZ,
Delegate.

The board of health has given instructions to all the sanitary employees in the ports to prevent the introduction of the bubonic plague in the country, but if this disease should unfortunately invade Mexican territory, I will inform you of it as soon as I know of it myself, and I hope that in your turn you will also notify me if the plague presents itself in the United States or in any of the islands belonging to it.

Respectfully,

C. LICEAGA.

NOTE.—The United States consul at Progreso has wired the State Department as follows, March 5 :

“No plague at Cozumel or Yucatan. No report of any case from Campeche.”

NETHERLANDS.

Reports from Rotterdam.

ROTTERDAM, NETHERLANDS, February 26, 1900.

SIR : I have the honor to respectfully call your attention to the fact that vessels clearing from the port of Dordrecht, Netherlands, for ports

in the United States, are not required to obtain a United States bill of health. This is in accordance with instruction contained in a circular letter issued by the United States State Department, May 20, 1899, and inclosing United States Treasury Circular No. 64, dated April 24, 1899, stating that bills of health are not required from any port where there is no United States consul or consular officer.

Respectfully,

A. R. THOMAS,
Passed Assistant Surgeon, U. S. M. H. S.

The SURGEON-GENERAL,
U. S. Marine-Hospital Service.

ROTTERDAM, NETHERLANDS, *February 27, 1900.*

SIR: I have the honor to report that during the week ended February 26, 1900, 4 vessels were inspected and received bills of health at this port. The steamship *Maasdam* sailed for New York on the 21st instant, carrying passengers and a general cargo. There were inspected 235 steerage passengers and 97 pieces of baggage were inspected and labeled and 38 pieces of baggage were disinfected and labeled. Her cargo was satisfactory. The health of this port continues to be good.

Respectfully,

A. R. THOMAS,
Passed Assistant Surgeon, U. S. M. H. S.

The SURGEON-GENERAL,
U. S. Marine-Hospital Service.

PHILIPPINE ISLANDS.

Plague in Manila.

MANILA, P. I., *February 7, 1900.*

SIR: I have the honor to hereby inform you that during the two weeks ended February 3, 1900, there were 10 cases and 6 deaths from plague reported in Manila, Philippine Islands.

Respectfully,

J. C. PERRY,
Passed Assistant Surgeon, U. S. M. H. S.

The SURGEON-GENERAL,
U. S. Marine-Hospital Service.

SCOTLAND.

Report from Glasgow.

GLASGOW, SCOTLAND, *February 21, 1900.*

SIR: I have the honor to submit the following report for the week ended February 17, 1900: On February 13, cleared the steamship *Corean* for New York. There were inspected and passed 2 first and 14 second cabin and 33 steerage passengers with their baggage. Three feather beds were held for disinfection. The cargo was of local origin with the exception of 73 bales of new bags from Calcutta. I inclose herewith the abstract of the bill of health issued to this vessel.

Respectfully,

H. W. WICKES,
Passed Assistant Surgeon, U. S. M. H. S.

The SURGEON-GENERAL,
U. S. Marine-Hospital Service.
